

# Who's in the Q?

## Genesis Systems Group, LLC

The Quad Cities is a great place for Genesis' business in robotic factory automation. Our **notably strong schools** and unique blend of **agricultural and industrial heritage** provide a fabulous employment climate for our industry. I've been all over the world and there are few places where the **workforce** is as **capable, energetic and fearless** as ours. Perfect for dealing with the ever-changing challenges in manufacturing technology."
