MEDIA ADVISORY

GENESIS SYSTEMS GROUP

SALES AND ENGINEERING – SEATTLE/LYNNWOOD

Monday, May 16, 2016

Davenport, Iowa – Genesis Systems Group, a leader in robotic systems integration, is excited to announce the addition of a Sales and Engineering office in the Greater Seattle Area. Genesis established the office in Lynnwood, WA to better support key local accounts in the aerospace industry with pre & post-sales activity as well as function as the base of operation for regional project execution in the Puget Sound area. As Genesis' installed base grows in the Northwest, customers will come to rely on timely response to their needs. This office will enable our sales and service teams to embody Genesis' core principle of Right Person, Right Place.

Location of the office is 20818 44th Ave, Suite 130, Lynnwood, WA, 98036.

Genesis Systems Group is a recognized leader in robotic systems integration. Genesis specializes in factory automation with robots for composite non-destructive inspection, welding, cutting, adhesive application, assembly, machine tending and waterjet cutting. Genesis' solutions focus is backed by expertise in part processing, process development, system and tooling design, motion controls, manufacture, and implementation of industrial automation. With over 4,500 robotic system installations, Genesis has workcells located in 42 states and 16 countries.

Today, Genesis Systems Group's engineered solutions are used in manufacturing a number of different products; aerospace structural and non-structural components, engine components, automobiles, construction and agricultural equipment, office furniture, trucks and trailers, lawn and garden equipment and recreational vehicles, to name a few.

Genesis Systems Group' corporate office is in Davenport, Iowa. Additional facilities are located in Rochester Hills, Michigan, San Juan Del Rio, Queretaro CP Mexico and Nagoya, Aichi, Japan. For more information log onto www.genesis-systems.com.
